

Two Door, Three Drawer Drop Safe

Proven Solution, Outstanding Service

- B-Rated construction
- Dual compartments allow separate drops and change funds
- Multiple user codes (up to 30 unique codes)
- Three drop drawers for direct deposit to top compartment
- Time delay feature available as robbery and theft deterrent
- Lock options available on request
- 24/7/365 live technical support when needed

A SECURE ENVIRONMENT

In store operations, you need a secure environment for your cash. The drop drawers allow staff on each shift to make deposits directly into individual compartments. Extra cash tills or change funds can be kept in the lower compartment. The safe is fit with two electronic locks, one for each compartment, and each lock is programmable with up to 30 user codes per lock, limiting access to those who need it. In addition, setting a time delay can be a strong theft and armed robbery deterrent. All these features, coupled with outstanding customer service and live technical support when you need it, provide the capabilities and confidence you require.
